Cincinnati, O., June 17.-Patsy Donovan's tribe made the Reds look like amateurs this afternoon. It was the worst exhibition the local team has given this season. They could not hit, field or run bases, and

was virtually over, so far as the result Willie Sudhoff, who has ever been a hard nut for the Reds to crack, was harder than ever to-day, and had it been necessary for

him to exert himself, it is doubtful if the locals would have scored a single run or even made a base hit. Little Wille used that famous dinky arm delivery to good advantage. He just jerked the ball to the plate, the fielders did the rest, and they had very few hard chances at that,

Slugged Doctor Newton. Doctor Newton looked like 30 cents in the gold vault at the mint. He was never treated worse by any team than St. Louis treated hier to-day. He was hit hard, fielded poorly and was very wild. In the very first inning the doctor was at-

Ryan scored Burkett with a who threw to the plate, but the throw wa den's out scored Ryan, and Waliace brought Denovan home with a clean drive. After Ryan had been disposed of in the third, Donovan singled, and Padden, Wal-lace and Kruger followed suit, all of which netted another brace of tailles, aided by Doctor Newton's wild throw to second.

Heidrick singled to center and Sudhoff

In the Schlitz brewery cleanliness is carried to extremes. We do more than is neces-sary to be certain of doing enough.

The caldrons in which the beer is brewed are kept scrupulously clean and covered. The air in which the beer is cooled is filtered.

The barrels in which it is stored are cleaned with steam and soda, then glazed with rosin on the inside, then cleaned again. The bottles are cleaned with utmost precaution.

Still we filter the beer, then sterilize every bottle, for the slightest uncleanliness taints the whole product. It is in these ways that Schlitz beer has gained its reputation for purity, and made Milwaukee famous.

CINCINNATI.

It seems that President Ban Johnson of the American League and John J. McGraw, a magnate of that organization, have clashed in real earnest. McGraw insists that he will play Hugh Jennings in his line-up to-morrow, and Johnson is reported to have issued his ultimatum stating that no game will be played in the Oriole City Wednesday if McGraw has Jennings on the diamond. Johnson has also announced that the Baltimore club will be disciplined unless it yields.

HARPER AT PITTSBURG TO-DAY.

Will Endeavor to Uphold His Great

The string of victories which the tribe of Donovanites has added to the right column during the last two weeks has startled baseball fans the country over. They all realize that there is stuff in the team which will make it dangerous. Now that all hands are going at top speed the supporters of other teams are in deadly fear of the result to their particular favorites, while the St. Louis fans are being strung to a higher pitch avery day. After the first few games in the spring a fan would ask the score at dusk in a most nonchalant manner. Testerday dozens of them could be seen dodging the question for some time. They hoped for the best, but their good judgment told them that Patsy Donovan and his sluggers could not keep up the heavy stunts forever. It was a nervous inquiry that finally escaped the hidebound crank after waiting to see if some one wouldn't save him the suppense on his own hook. The faltering words were followed by a sigh of delightful attisfaction as the one questioned hastened to tell how Sudhoft had held the Reds to four hits, only two of which were close enough to each other to hurt.

Heine Pettz always seems to bat well

Ryan continued his good game at first base yesterday. He accepted his fourteen chances, and has yet to make an error at the first corner. Patsy Donovan excelled in scoring with three tailies. Six of the Donovanites made two safeties each, and the three batters at the head of the list crossed the pan twice each.

Yesterday's victory over the Cincinnati Club gave the Donovannites a firm hold on third place. Philadelphia smoothed the path to the pennant by losing to Boston in a ten-inning contest,

Ugly cruptions and sores will came to break out in spite of salves, washes, soaps or other external treatment.

S. S. S. is especially recommended for poisons of this character. So pletely does it destroy the effects of the Oak and Ivy that there is no possibilits reappearance, and it is equally as efficacions in brass or lead poisoning or her's lich; building up and purifying the blood and driving out of the circuit impurifies of every kind, and removing every blemish, sore or cruption from skin. There is no substitute for S. S. S.; it is the only purely vegetable in purifier known, and the safest and best in all constitutional or blood diseases.
